Questions, Answers and Information about Medicare Supplement Insurance:

Q. Why do I need Standard Supplement insurance?

A. Medicare does not pay for everything.
Standard Supplement insurance is designed to help pay for some of the charges the Medicare program does not. The Comprehensive Health Association of North Dakota (CHAND) has two supplement plans to choose from. The information in this brochure is about the Standard Supplement.

Q. What is Standard Supplement coverage?

A. The Standard Supplement provides for basic coverage of Medicare approved services plus the hospitalization deductible of \$1,600. Also included are the medical services deductible of \$226; skilled nursing coinsurance of up to \$200 a day; 100 percent of the excess charges (above Medicare approved amounts) for medical services; and coverage for emergency care when traveling abroad.

Waiting Periods

There is a waiting period of 180 consecutive days beginning on the effective date of this benefit plan that must be fulfilled before benefits will be available for any services, supplies or charges for the treatment of any condition for which medical advice, diagnosis, care or treatment was recommended or received during the 180 days immediately preceding the signature date of application. The waiting period does not apply to nonelective treatment or procedures for congenital or genetic diseases.

A waiting period of 270 consecutive days beginning on the effective date of this benefit plan must be fulfilled before benefits will be available for maternity services. Exception: A subscriber who qualifies for coverage due to a catastrophic condition or major illness who is also pregnant at the time of application for coverage will be eligible for maternity benefits after completing a waiting period of 180 consecutive days of coverage.

The waiting period may be reduced by qualifying previous coverage, if the signature date of application and the effective date of your

benefit plan are no more than 63 days following termination of previous coverage.

The CHAND Board of Directors, by a two-thirds majority vote, may exempt a subscriber from the provisions of the waiting periods when required under emergency circumstances to allow the applicant access to medical procedures determined to be necessary to preserve life.

Glossary

Benefit Period

A benefit period begins on the first day you enter a hospital or skilled nursing facility as a Medicare patient and ends 60 consecutive days after you are discharged. A new benefit period begins when 60 days without a hospital or skilled nursing facility stay have elapsed.

Calendar Year

Each calendar year begins on January 1 and ends on December 31 of that year.

Covered Services

This term refers to covered services or supplies specified in your benefit plan for which benefits will be provided.

Medicare Coinsurance

A part of the charge for your hospital or medical care which Medicare does not pay.

Medicare Copayment Amount

A predetermined dollar amount established by Medicare under a prospective payment system for some outpatient hospital services that Medicare does not pay.

Medicare Deductible

A specified dollar amount of Medicare eligible expenses that you are responsible for paying before Medicare will begin making payments for covered services.

Medicare Eligible Expenses

Health care expenses that are covered services under Medicare Part A or Part B that are recognized as reasonable and medically necessary by Medicare.

Preexisting Condition

A condition, disease, illness or injury for which you receive medical advice or treatment within the 180-day period immediately preceding the date of application under your benefit plan.

These are Some Items Not Covered:

- Services that are experimental or investigative in nature or that are not medically necessary as determined by Medicare.
- Services received prior to the effective date of your benefit plan.
- Services when benefits are provided by any governmental unit or social agency except Medicaid or when payment has been made under Medicare Part A or Part B.
- Outpatient prescription drugs, unless eligible under Medicare.
- Custodial care provided in a hospital or by a home health agency.
- Surgery to improve appearance.
- Services, treatments or supplies that are not a Medicare eligible expense.

*A benefit period begins on the first day you receive service as an inpatient in a hospital and ends after you have been out of the hospital and have not received skilled care in any other facility for 60 days in a row.

**NOTICE: When your Medicare Part A hospital benefits are exhausted, the insurer stands in the place of Medicare and will pay whatever amount Medicare would have paid for up to an additional 365 days as provided in the policy's "Core Benefits." During this time the hospital is prohibited from billing you for the balance based on any difference between its billed charges and the amount Medicare would have paid.

***Once you have been billed \$240 of Medicare-approved amounts for covered services, your Part B deductible will have been met for the calendar year.

Medicare benefits are subject to change. Please consult the latest Guide to Health Insurance for People with Medicare.
